What EdFind will analyze

Our AI looks at multiple factors to find the best-fit master's programs for you.

Destination

We match your preferred countries and cities.

Budget

We filter programs that fit within your budget.

Scholarship needs

We prioritize programs with available scholarship options.

Degree level

We focus on master's programs that match your goals.

Career outcomes

We highlight programs with strong employability and career impact.

The more detail you provide, the better your matches!

Your prompt is used only to find the most relevant programs. It is never shared with universities.
